

# ALT 9M: 2 HOT Managed Lanes on West side and East side of I-495 and I-270; 1 HOT Managed Lane on Top side of I-495

Add two HOT managed lanes in each direction on I-495 between the study limits south of the George Washington Memorial Parkway and the I-270 West Spur, including the American Legion Bridge (ALB) and on I-495 between I-95 and the study limits west of MD 5. Add one HOT managed lane in each direction on I-495 between the I-270 West Spur and I-95. On I-270, convert one existing HOV lane to a HOT managed lane and add one HOT managed lane in each direction.
